

Fill the sink or bowl up with water. Find 3 smallish containers. Can you use a spoon to fill each of the containers? Count how many spoons you have used. Can you see which one holds the most?

Vocab – full, empty, half full, capacity, holds the most, holds the least.

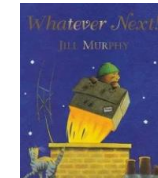

Write a list of different ways of keeping cool. Don't forget to use your sounds. You can find them in your homework book.

Watch the story 'Whatever next!' Can you design your own rocket or draw a picture of where you would like to go? Can you write about your new planet?

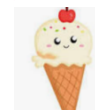

<https://www.youtube.com/watch?v=6c5cb0u0rPM>

Design a pair of sunglasses. Do you know why it is important to wear sunglasses in the sun? Write down the different ways you have been keeping cool.

Design your very own dessert! If you could have any ice-cream dessert, what would you have? The children could either make an ice-cream sundae or design their own on the paper.

Fill a bowl, sink or bath with water. With your grown up, find 10 things to put in the water. Can you guess if they are going to float or sink? Place each object in the water and see if you are right.
