Communicating safely

Remember! Who can send e-mail?

- Anyone with an internet connected device can send an e-mail.

Remember! What is e-mail?

- E-mail can be sent far quicker than a letter sent by post
- You can also attach files and photos to an e-mail.

Remember! Is e-mail always safe?

- No! Check before you open an e-mail. Do you know who it is from?
- Check before you open any attachments or click on any links. Do you know who the e-mail is from?
