## Understanding the World

### Key Vocabulary

### Our Familiar Area

To name and describe some plants and animals children are likely to see, encouraging children to recognise familiar plants and animals whilst outside.

To listen to children describing and commenting on things they have seen whilst outside, including plants and animals.

### Natural World

To know the names of some animals.

To know that some things change over time eg. the weather, plants and animals.

To know the names of the seasons and use vocabulary associated with different weather in their play.

To know some of the main similarities and differences between living things, materials, places and objects.

To know that plants grow over time and to be able to talk about how these changes appear.

To guide children's understanding of the weather and seasonal features.

To provide opportunities for children to note and record the weather.
